#### h4 Heading

##### h5 Heading

###### h6 Heading

## Horizontal Rules

## Emphasis

**This is bold text**

**This is bold text**

*This is italic text*

*This is italic text*

~~Strikethrough~~

## Blockquotes

Blockquotes: Lorem ipsum dolor sit amet, consectetur adipiscing elit.

# Lists

## Unordered

- Create a list by starting a line with `+` , `-` , or `*`
  - Sub-lists are made by indenting 2 spaces:
    - abcdefg
    - ijklmnop
    - qwerty
    - zxcvb
- Very easy!

## Ordered

1. Lorem ipsum dolor sit amet
2. Consectetur adipiscing elit
3. Integer molestie lorem at massa
4. You can use sequential numbers...
5. ...or keep all the numbers as `1.`

Start numbering with offset:

57. foo
58. bar

## Code

Inline

code

Indented code

```
// Some comments  
line 1 of code  
line 2 of code  
line 3 of code
```

Block code “fences”

```
Sample text here...
```

Syntax highlighting

```
var foo = function (bar) {  
  return bar++;  
};  
console.log(foo(5));
```

## Tables

| Option | Description  |
|--------|--|
| data   | path to data files that will be passed into templates. |
| engine | engine to be used for processing templates.            |
| ext    | extension to be used for dest files.                   |

---

Right aligned columns

| Option | Description  |
|--------|--|
| data   | path to data files that will be passed into templates. |
| engine | engine to be used for processing templates.            |
| ext    | extension to be used for dest files.                   |

## Task list

### Solar System Exploration, 1950s – 1960s

- ☐ Mercury
- ☒ Venus
- ☒ Earth (Orbit/Moon)
- ☒ Mars
- ☐ Jupiter
- ☐ Saturn
- ☐ Uranus
- ☐ Neptune
- ☐ Comet Haley
